CLERK US DISTRICT COURT DISTRICT OF NEVADA	

Your Honor, at my sentencing ~~by hearing~~ you asked my attorney (Up Lin Zheng) when did my state sentence end and was my state revocation for the same thing / charge I was being sentenced for in your courtroom. Which my attorney clarified that my state sentence had expired before my federal sentencing, and that my state probation was indeed revoked due to my federal charge specifically. Which to my knowledge is the deciding factor on whether or not I receive time credits from the date of arrest. You ultimately sentenced me to 54 months to run concurrent to my state revocation. Which it says on my JOC. Since you asked for clarification on when the state sentence ended (and it had ended before my sentencing in your court) it appears that you intended for me to get time credit from the date of arrest. Because, if that wasn't your intention, I'm sure you would've simply said my sentence was to run consecutive with the state revocation. To eliminate any confusion.

Here in the Bureau of Prisons, it's showing up as a consecutive sentence that began on the day of sentencing. Grand Prairie is saying the Bureau of Prisons has to update them and the Bureau of Prisons is saying it has to be sorted out through Grand Prairie. So my family and I are at a standstill. So is there any way you can submit or send me some sort of clarification on exactly where you intended the 54 month sentence to begin? Please? I've showed them both the JC and court minutes from sentencing and I'm getting nowhere. I'm forever grateful for your compassion and mercy as it has given me hope. I promise to do everything in my power to not ever again be in your courtroom or any others. Please help me your Honor. I have no other options.

Thank You ...
